House Armed Services Committee –

“The committee recognizes the importance of PTAP, a nationwide network of community-based procurement professionals that provides critical assistance to small businesses seeking to participate in Department of Defense and other federal agency procurement contracts. The PTAP helps generate new procurement suppliers for the Department, resulting in a stronger industrial base, greater competition, and higher-quality goods at lower cost for the taxpayer.”
There is a PTAC in all 50 states, Washington, D.C., Puerto Rico, and Guam.

Specialized PTACs provide assistance to tribal, Native and Indian-owned businesses.
