ITEES-3S Overview

- Planned scope: The Army has an ongoing requirement to support the Army enterprise infrastructure and infostructure goals with information technology (IT) services worldwide.
- Anticipated vehicle: Multiple award task order (MATO) indefinite delivery/indefinite quantity (IDIQ)
- Period of performance: 5-year base; one 4-year option
- Orders will be fixed price, time & materials and cost reimbursable
- NAICS: #541519 Other Computer Related Services, $27.5 Million
ITES-3S Overview

- Restricted Suite – Award to top 14 small business contractors
  - No regard to sub categories
- Unrestricted Suite – Award to top 10 contractors regardless of size
- Fair Opportunity can be limited to the restricted primes if “rule of two” exists
- Restricted Primes will be able to propose on all Unrestricted tasks
- All tasks competed under restricted pool will be subject to limitations of subcontracting at the task order level
  - Contractors will need to submit reports to verify actual percentage at TO level
- All TO valued under $150K will be required to be restricted
- All TO valued under $5M will complete a brief capability review by restricted suites prior to being issued under unrestricted
  - A 3-day turn around for small business primes to provide capability brief demonstrating ability of restricted primes to meet requirements and comply with limitations of subcontracting
